Work History

SHAMROCK TRADING CORPORATION

Software Developer Intern

Overland Park, KS

June 2022 – May 2023

- Developed company logo image service, allowing clients to add their logos on to invoices on web and mobile.
- Created endpoints for image retrieval and image updating.
- Designed unit tests for the ifta-rates service, ifta-rates retriever, and company service.

PANDA EXPRESS

Shift Lead

Lee's Summit, MO

February 2017 – August 2019

- Delivered superior training to new members of the team.
- Led our team to achieve performance targets and goals.

SANTA FE TRAIL HONEY FARM

Assistant

Raytown, MO

January 2012 – August 2019

- Assistant in my family's honey business.
- Managed online services, deliveries, and financial assets.

Projects

Personal Portfolio (<https://rajunichols.vercel.app/>)

Next.js, Email.js, Tailwind CSS

- Created a responsive website used as a personal portfolio to showcase my skills and experiences.

30 Days Challenge

React Native, Expo, Typescript, Firebase, Redux

- Built a mobile application that allows users to create and join challenges with their peers to build better habits.
- Worked mainly on the frontend but also helped on the backend.

Chat Room App

Python

- Created a terminal application that simulates a chat room.
- Application allows features such as multiuser chats, broadcasting, unicasting, user list view, and creating new users.

2D Side Scroller

Unreal Engine

- Created my own 2D side scroller game with enemies and fighting mechanics.
- 9 levels each with different terrain and difficulties.

Skills

Programming: C, Java, Python, JavaScript, React.js, React Native, C#, TypeScript, Next.js

Technical: Unreal Engine, MySQL, jQuery, HTML, CSS, MongoDB, Git, Tailwind CSS
